Tentative programme

Brief self-introduction of participants with an indication why they attend the Round Table and what are their “take-home” expectations.

Introduction to the theme by co-chairs/co-hosts (5 min each).

Each participant asks at least one question that is answered by Co-chairs.

Discussion.

Summary by Co-chairs.

If time permits, more in-depth discussion of one or two issues that emerged from the discussion as being of general interest to everyone.

A summary of the Round Table is sent to all participants by email.

Event Organisation

8-10 participants per Round Table are selected by the Forum organisers; each participant prepares prior to the event 1-2 question/s for Co-chairs; the list of participants with email addresses for future communication is prepared prior to the event; light lunch is served.

Target Audience

Young Russian oncologists

interns, postgraduate students, young physicians ...
